Dishonest behavior, or assisting anyone else with such behavior, represents a serious violation of professional and academic standards at the CIA and will not be tolerated. Such actions are grounds for disqualification from ProChef Certification.

ADVISORS

During the ProChef Certification program, you will not only have the chance to grow and validate your skills, but you will be partnered with one of the CIA's top chefs - your ProChef advisor. Our talented advisors possess extensive, specialized knowledge and years of industry experience that they will happily share with you.

Your advisor will serve as your mentor. He/she will work with you to determine your strengths and weaknesses and will be available to answer any questions you may have as you prepare and study for the examination. You will be provided with that person’s direct phone extension and e-mail address. *After initial contact, it will be your responsibility to contact your advisor and seek advice and counsel.*

The initial discussion with your advisor will focus on reviewing your application, determining the appropriate starting level, assisting you to develop an action plan, and answering any questions. At the conclusion of this conversation, your advisor may actually recommend that you postpone registering for the exam at that time. You cannot register for an exam without first having a conversation with your advisor.

ProChef candidates that take full advantage of the advisor process are often highly successful in achieving their certification. Ultimately, it is your choice when to take the exam, but by following the recommendations of your advisor, you can ensure that you are fully prepared for the challenge.

PRACTICAL SKILLS GUIDELINES

OVERVIEW
Nine different menus have been designed for the Culinary Fundamentals Practical Examination. Each menu features a soup with a garnish, salad with a dressing, and entrée with sauce and accompaniments. You will be assigned three of these menus (one per day). You must prepare four portions of each course (one for use as a show plate, two for judging, and one for your meal).

SOUP
Over the course of the three days, each candidate will prepare a different style of soup (cream, purée, and clear). The specific type of soup will be assigned (i.e. Cream of Tomato Soup). The soup must be appropriately garnished.

SALAD
Over the course of the three days, each candidate will have to prepare a tossed salad with a different style of salad dressing (simple vinaigrette, emulsified vinaigrette, and creamy dressing). The style of dressing will be assigned each day, but the specific recipe is at your discretion (i.e. if you are assigned Creamy Dressing, you may choose to prepare Blue Cheese Dressing, Creamy Peppercorn Dressing, etc.). A variety of lettuces will be available for your use; it is up to you to select the lettuce that is most appropriate to the application.

ENTRÉE
Over the course of the three days, each candidate will have to prepare an entrée with an assigned sauce and starch and vegetable accompaniment. All components, including the specific cooking methods will be assigned (i.e. Roasted Chicken with Pan Gravy).
**Knife Skills- Sample Menu**

Over the course of the three days, each candidate must showcase and prepare a variety of knife cuts which are listed below in this sample menu. It is the candidates’ responsibility to design their menus to showcase these cuts throughout the soup, salad and entrée courses. The floor and tasting evaluators will score the cuts which hold a daily value of 16 total points.
